

SENIOR SPECIALTY MUSICAL THEATER

95 – 20ss Crystal Rhinestones

Use the pictures below as a guide to give the costume a “scattered” look with the rhinestones. There will be 53 stones used on the front, and 42 stones used on the back. Tip: lay the pattern out first, and then glue them down to ensure correct spacing. Move stones accordingly to avoid glueing on top of sequins.

Front of Dress

Start with a 3:4:3 pattern that will switch to a 5:4:5 pattern as you get closer to the bottom of the dress. The first row is about 1.5” from the top hem and the last row is about .5” from the bottom hem.

Back of Dress

Repeat the same pattern on the back of the dress.

Final Look
