50 – White Opal 16ss Rhinestones

50 – White Opal 12ss Rhinestones

Appliques have been tagged in place but will need to be secured by whatever means works best (more tags, sew, glue).

The bottom bust of the costume will need to have a stitch or safety pin place to prevent it from riding up during the dance. Tags will not hold.

Scatter 20 White Opal 16ss and 20 White Opal 12ss (40 total) rhinestones around the top applique. Do not place further than 1 to 1 ½" around the applique. Do not cross the center knot or place any on the strap.

Scatter 30 White Opal 16ss and 30 White Opal 12ss (60 total, or whatever is remaining) rhinestones on the bottom applique. Do not place further than 1 to 1 ½" around the applique. It is ok to place some stones on the waistband. Do not place any past the back seam of the costume.
