

Junior Tap Rhinestone Instructions

Junior Tap Routine - Pink Dress

You will need:

- [E6000 glue](#)
- [Rhinestone applicator](#)
- Rhinestones (provided):
 - 1 pack of Crystal AB 20ss
 - 1 pack of Light Rose 20ss

Finished Product:

Step 1: Stone the top

Start by pinning the brooch to the top of the costume, where the material turns inward. It's heavy, and you may choose to add a little glue to secure it.

Add stones every half inch starting half an inch from the brooch. This will wrap all the way around the back.

Stone the two outside stitch lines on the front, also half inch spacing.

Step 2: Stone the bottom of the skirt

Stone the bottom of the skirt with 2 inch spacing all the way around.

Step 3: Stone the gloves

Place light rose stones just below the hem about half an inch apart. I used 5 per side on Addie's.
