

SENIOR ELITE JAZZ

Jet Diamond 20ss Rhinestones

Top Trim – Bust, Bottom, and Arms

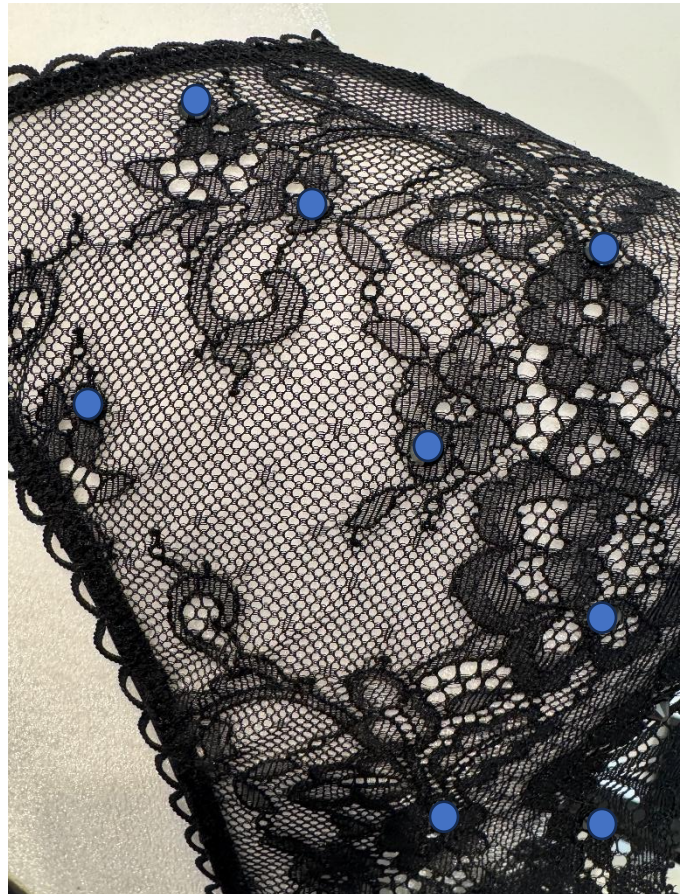

The top of the costume will use approximately 110 stones.

First, find the trim of small flowers along the bottom of the top and along the top bust, and the arm holes. Add one stone to the petal of every other flower. Reference picture above.

Next, create a scatter pattern by placing one stone on each flower throughout the rest of the top. DO NOT place any stones on the polka dots or on any of the trim flowers that already have stones.

Skirt

Place one stone on the center of each flower along both the top and bottom trim of the skirt.

Approximately 130 rhinestones used.

Final Looks
