

SENIOR ELITE SPECIALTY JAZZ

Sunshine 20ss Rhinestones

Jet Diamond 16ss Rhinestones

Fluorescent Yellow Trim

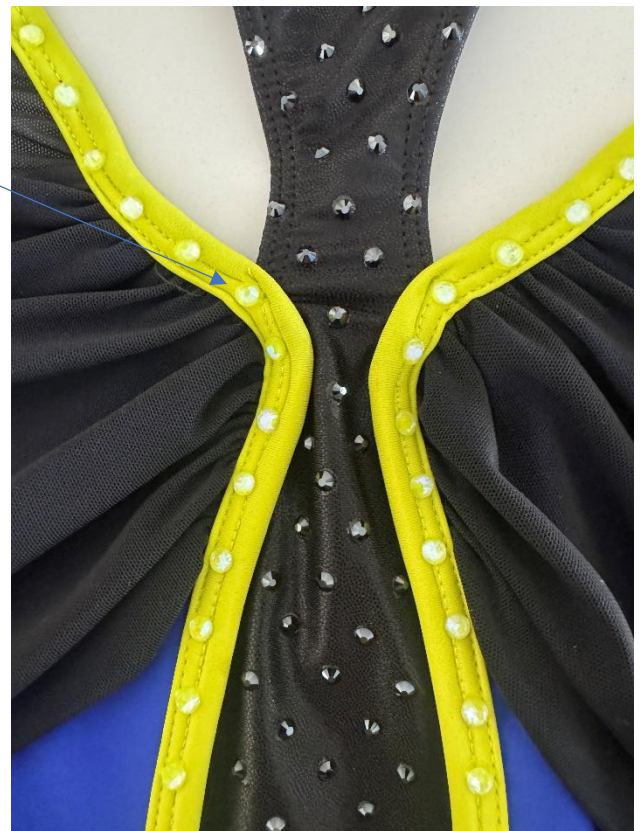

Start Here

For the arm, start placement at the top seam. Place one Sunshine 20ss rhinestone a generous $\frac{1}{2}$ " apart along the entire arm trim.

For the bodice trim, start where the black chest area meets the yellow trim. Place one Sunshine 20ss rhinestone a generous $\frac{1}{2}$ " along the entire front trim and wrapping around to the upper back. Do not place any stones on the back bottom of the costume.

Front Center Pleather Area "Scatter"

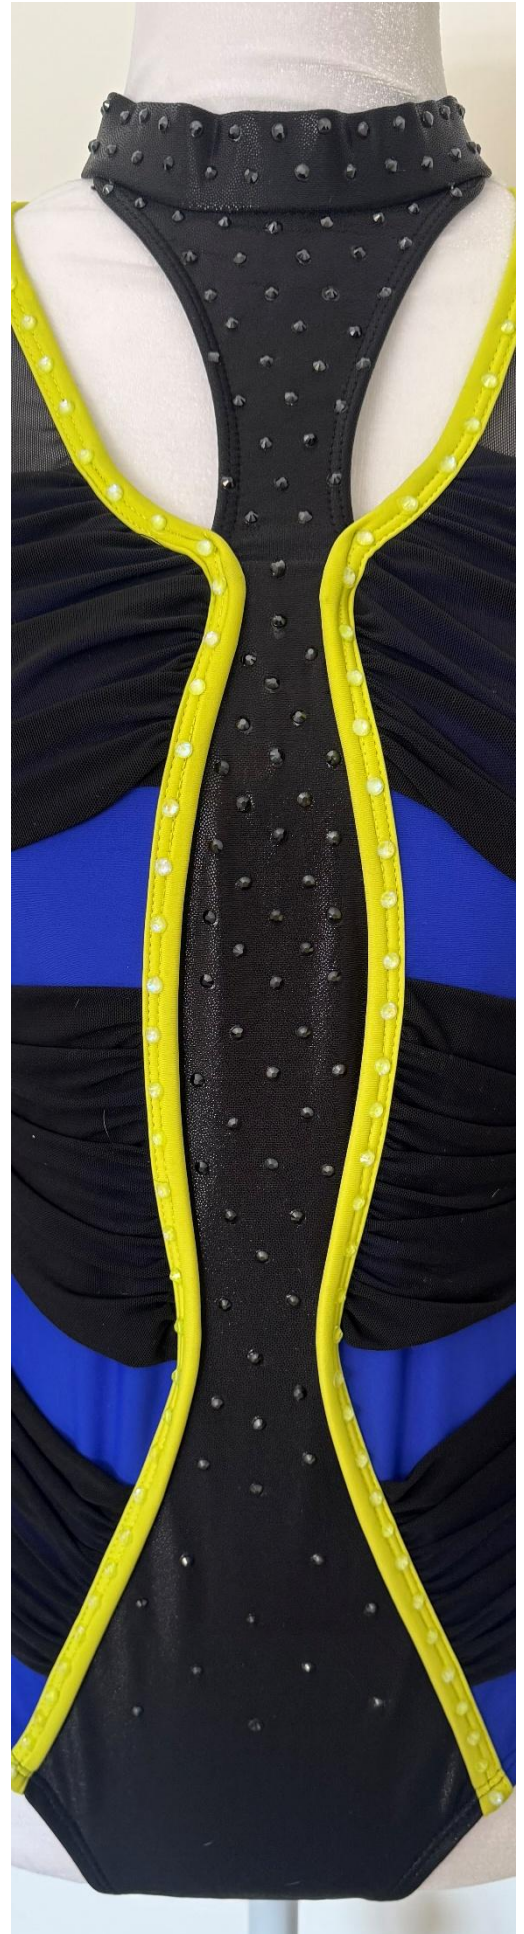

1/2"

1"

Starting around the collar, place one row of Jet Diamond 16ss Rhinestones about 1/4" from the top seam of the collar. Place the stones 1/2" apart. For the second row, place the stones about 1/4" from the bottom seam of the collar so the rows are about a 1/2" apart. Stones should be placed in the window of the row above. Continue this pattern down the front of the costume using the spacing guide to the right. Gradually lengthen and widen the rows to space out the stones down the costume. Stones should go no lower than where the bottom seam of the black chiffon meets the yellow trim. No stones on the back.
