

Junior Tap Rhinestone Instructions

Junior Tap Routine - Pink and cream floral dress

You will need:

- [E6000 glue](#)
- [Rhinestone applicator](#)
- Rhinestones (provided):
 - 1 pack of Crystal AB 20ss
 - 1 pack of Light Rose 20ss
 - 1 pack of Crystal AB 12ss

Finished Product:

Step 1: Stone the front

Place Crystal AB 20ss stones around the top neckline and on the outsides of the flower pattern with a spacing of about 4 stones per inch.

**Step 2: Stone the back criss cross pattern**

Place Crystal AB 20ss stones at about 4 stones per inch on all of the pink lace up pattern on the back.

Step 3: Stone the sleeves

Place Crystal AB 12ss stones on in 3 rows half an inch apart all the way around the sleeves. Make sure the rows are as far apart as possible, taking into consideration the outsides fold in a little.

Step 3: Stone the pink flowers

Scatter Light Rose 20ss stones on the flowers. I did clusters of 3-4 on the large ones and then 1 stone on about every other small pink flower where I felt it was needed. On the large flowers, add a 12ss Crystal AB stone in the center of the flower.

Step 3: Stone the appliqué

On the pink flower, add about 6 Light Rose 20ss stones on the petals. I also placed a 12ss Crystal AB stone in the center.

On the white flowers, place Crystal AB 12ss stones on each petal. Also place one in the center of each.
