

Start in the front middle of the neckline and place stones 4.5" down the center right next to each other randomly alternating large and small stones

Place additional lines coming down from the neck- each new line should start approx. 1.5" apart

The next two lines are about 3", then 2" then 1" last lines will be two stones then 1 stone

Back of costume on drape, place approx. 20 large small and large stones scattered throughout- make sure to place on areas that don't fold over

On the slits on each side place 5 large stones starting at the slit and work up- about 1cm apart. Then place 4 small stones in the windows of the large stones about 1 cm apart and again place 3 large stones in between the small
